

Support Seattle's Urban Forests: BECOME A GREEN SEATTLE PARTNERSHIP YOUTH AMBASSADOR

Green Seattle Partnership is seeking several **youth aged 13-18** to serve as Youth Ambassadors to help coordinate a series of four Leadership Workshops in 2019. The Youth Ambassador role is a unique opportunity to gain employment skills, learn about local environmental issues, and work with a team of youth to make an impact in their communities.

What is Green Seattle Partnership?

Since 2004, Green Seattle Partnership has worked to protect and improve Seattle's forested lands through hands-on volunteerism.

Without intervention from the community, Seattle risked losing 70% of the tree cover in our parks in just 20 years.

Green Seattle Partnership was formed with the goal to restore all 2,500 acres of Seattle forested parklands by 2025.

Seattle's forests promote strong communities by keeping our air and water clean. Additionally, forested parks improve human health and well-being by providing safe access to nature.

About the Role:

Green Seattle Partnership is seeking several Youth Ambassadors to **help plan and coordinate a series of Youth Leadership Workshops.**

The Green Seattle Partnership Youth Ambassador will be responsible for:

- **Coordinating with local organizations** to develop workshop topics
- **Recruiting** youth attendees for workshops
- **Developing marketing materials** and social media content to raise awareness for Green Seattle Partnership in the community

GREEN SEATTLE PARTNERSHIP YOUTH AMBASSADOR
